

The power of **natural** health

HC50P Cocont Protein

50% Protein
Water Soluble
Gluten Free

The HC50P Coko is one of our most sought-after products due to it being made of 50% Protein and its inherent water solubility. This extract also contains MCTs and is also completely gluten-free.

Coko 50 is the answer for weight loss process along with improving the natural energy, digestion, and retention of nutrients by the body. One of the most sought-after products due to its solubility and being gluten-free, it is compatible with Vegan diets as well.

HC50P Coconut Protein is developed using a proprietary extraction method which does not use any Acid or alkali. This extraction process ensures that all the active and essential constituents of Copra are extracted & retained. This water-soluble extract has the key Minerals, MCTS & Vitamins along with high protein and fiber content. The presence of medium chain triglycerides is an added advantage for extract.

Extract Benefits:

- Contains soluble dietary fiber
- MCTs help in weight management
- Natural anti body against viral infections
- Absorbs body fat and promotes Weight loss
- Improves Digestion
- Natural Energy Source
