

The power of *natural* health

## HC30P Moringa

**30% Protein**

**Completely water soluble**

**24% Saponins &  
Glycosides**

The HC30P Moringa Extract is made of >30% Protein, is free of gluten, has the optimum composition of amino acids and helps maintain body metabolism. The extract contains 24% Saponins and Glycosides

Moringa has been used in traditional medicine for a wide range of conditions, ranging from skin blemishes to tuberculosis. With its microbial and anti-bacterial properties, the leaves of moringa protect the liver, boosts immunity, fights toxic radicals and inflammation – making moringa a core ingredient for diabetic medication for all pharmaceutical companies.

HC30P Moringa Extract is developed using a proprietary extraction method which does not use any Acid or alkali. This extraction process ensures that all the active and essential constituents of the leaf are extracted & retained. This water soluble extract has the key minerals & vitamins with high protein and fiber content. The extract has a unique and optimum composition (Protein-30%, Saponins-30%, Flavanoids-2.0%, Glycosides-30%, Tannins)

### Extract Benefits:

- Water soluble bio minerals improves many body functions like boosting immune system, improving bone health, and increasing body metabolisms
